MANNERS MAKETH MAN

The Motto Of Our Great St. Joseph's School Baramulla

The motto of our school is Manners Maketh Man. Good manners are the habits that show respect, kindness, and good behavior towards others. They help us live happily and peacefully with the people around us. A well-mannered person is liked by everyone because they know how to behave in different situations.

Good manners begin at home.

We learn to say words like "please," "thank you," "sorry," and "excuse me" from our parents and teachers. These small words make a big difference in our behaviour.

At school, good manners help us become better students.

We should listen to our teachers carefully, follow the rules, and speak politely with our classmates. We must wait for our turn and never interrupt when someone else is talking.

Good manners make our personality attractive.

They help us build strong relationships and earn respect from others. When we behave well, we create a positive environment around us.

Examples of Good Manners

- ★ Saying "Thank you" shows gratitude.
- ★ Saying "Sorry" shows we accept our mistakes.
- ★ Helping others shows we care.
- ★ Being polite makes everyone happy.

In conclusion, good manners are essential for a happy and successful life. They show what kind of person we are. We should practice good manners every day because they reflect our character and values.

Let's be polite, kind and respectful always!

1. Mom and Dad Are the Best

By Atiya Mohsin, Class 1 Brunia

2. My School, My Pride

By Hafsa Binte Ashiq, Class 1 Brunia

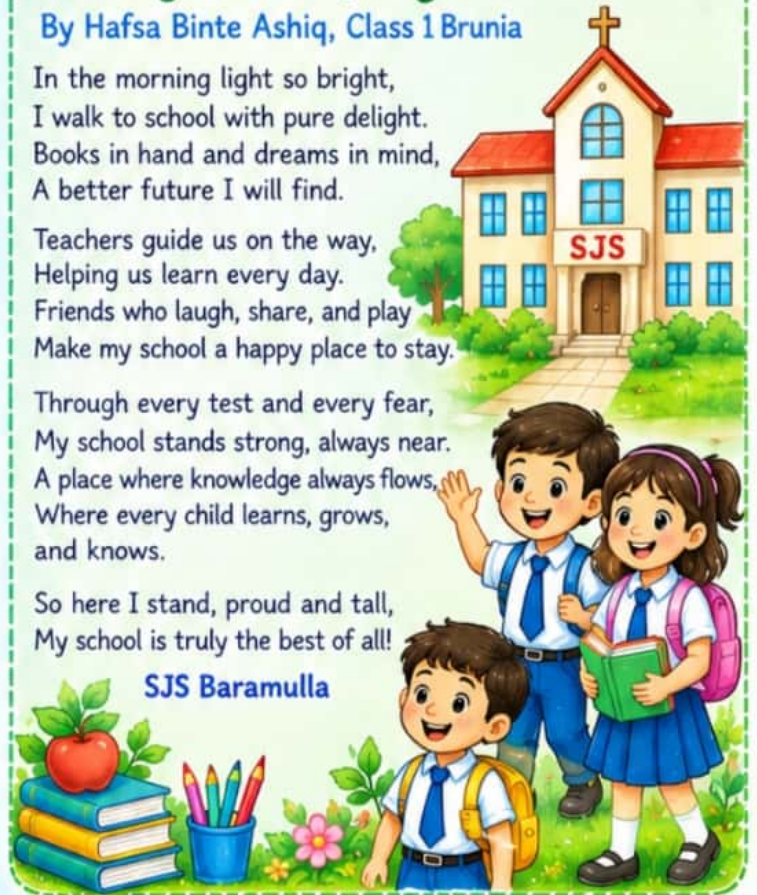

In the morning light so bright,
I walk to school with pure delight.
Books in hand and dreams in mind,
A better future I will find.

Teachers guide us on the way,
Helping us learn every day.
Friends who laugh, share, and play
Make my school a happy place to stay.

Through every test and every fear,
My school stands strong, always near.
A place where knowledge always flows,
Where every child learns, grows,
and knows.

So here I stand, proud and tall,
My school is truly the best of all!

A little ant found a big grain of rice,
But it was too heavy to carry—oh, how nice!
It called its friends, one, two, three,

2. The Magical Fairy and Princess Ariel

One day, there was a little girl named Ariel. She lived in a big castle with her family. She loved to play, explore forests, and enjoy the beauty of nature.

One day, she saw a pretty fairy near a tree. The fairy was beautiful and had golden wings. The fairy said, "Hello, Ariel! I am your friend." Ariel was excited. The fairy gave her a magic wand.

Ariel, with a happy, sparkling face, went home and used the wand. Every day, she helped others with the wand and made everyone happy.

At night, the fairy came again and said to her, "Hello, little princess! I am very delighted with your kindness." Suddenly, the forest bloomed and started to shine. Flowers opened and sparkled.

The girl felt very happy. She said, "Thank you, my fairy friend."

Later, people came to the little magical princess and sought her help. She made everyone happy and never saddened anyone. The people of the kingdom started praising her, and soon everyone came to know about her magical story.

Soon, every needy person went to her for help. No one lived in poverty, and people lived in harmony, laughter, happiness, and joyfulness. Peace and prosperity spread among the people.

Later, the kingdom came to be known as the joyous and peaceful kingdom of the universe.

Again, the fairy came to the princess and said, "Hello, lovely princess! I feel very pleased to see your kindness and love for your kingdom."

From that day, the fairy visited her every night, and they became best friends.

1. The Importance of Teachers

Teachers play a very important role in our lives. They are like guiding stars who help us to learn and grow. A teacher teaches us how to read, write, speak, and understand the world around us. Teachers not only teach subjects like English, Maths, and Science, but they also teach us good manners, discipline, honesty, and kindness.

They encourage us to work hard and help us become confident and responsible students. Whenever we make mistakes, teachers patiently explain things again and help us to improve. They inspire us to dream big and achieve our goals. Our teachers help us build a bright future.

We should always respect and obey our teachers. Thank you, teachers, for your love and guidance. Teachers are the builders of a nation and the architects of our future.

2. The Squeak's Act of Kindness.

Once upon a time, in a cozy little forest, lived a playful squirrel named Squeaky. Squeaky loved collecting shiny things. One sunny morning, he found a sparkling blue button near a babbling brook. He decided it was the most beautiful treasure in the world.

Squeaky showed his button to all his friends: Rosie Rabbit, Finley Fox, Barnaby Bear. They all admired it. But then a little bird told Squeaky that the button had fallen from a kind girl's coat.

Squeaky though, sad to give up his treasure, knew what he had to do. He carefully placed the button back near the brook, hoping the girl would find it. That night, Squeaky felt happier than ever. He realized that sharing and kindness were the best treasure of all.

1. My Mom

Wonderful, wonderful, my mom is so wonderful.
Sweet you are, your love so bountiful.
You sang me rhymes when it was night, under the star shines bright.
I threw a fit or wrote on the wall and shattered window panes with my ball.
I remember the handprints on the wall and scattered litter in the ball.
All you do, you do with love.

2. If I Were the Principal

If I were the principal of our school, I would make sure every student but the happiest day ever!

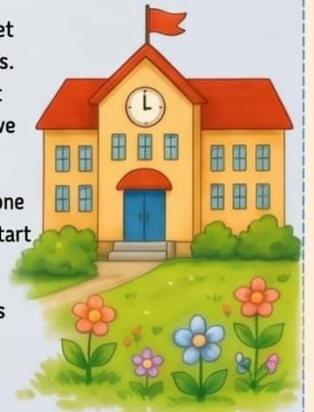

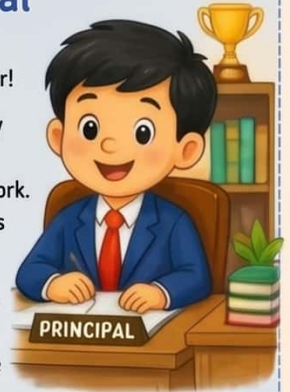

First, I would change the school ball to play happy music or cartoon songs. Instead of just writing at desks, we would have "Fur Friday" every single work. On that day, we could wear our favorite costumes or pajamas to class.

In my school, the canteen would serve chocolate cupcakes and fresh fruit juice every day. I would also make the recess time a little bit longer so we can play hide-and-seck and tag with our friends.

Instead of only writing in notebooks, I would let everyone draw big, colorful murals on the walls. We would have a special room filled with giant bean bags and hundreds of storybooks where we could just sit and imagine.

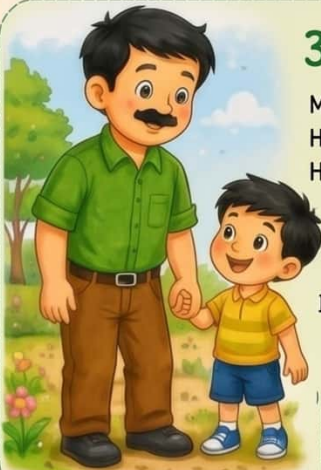

Most importantly, I would make sure that everyone is kind to each other. Every morning, we would start the day with a big smile and a high-five.

My school would be a place where learning feels like a big, wonderful adventure!

3. My Father

My father works hard every day.
He teaches me to work and play.
He helps me to learn and makes me shille.
He talks and laughs with me for a while.
I love to walk and hold his head.
He is the best father in the world. ❤️

4. A Brave Heart

When morning comes and I awake,
I smile at every step I take,
Some days are oasy, bright, and fhnn.
Some days feel bard when they've begun.
If I fall or make a mistake,
I try again for my own soks.
I wipe my tears, I stand nu fall,
I learn to face it, one and all.
The son still shines behind the gray,
And lights the path to a brighter day,
With every step, I do my pars,
And listen to my brave little heart.
So I will try, I won't gire in,
That's how strong hearts learn to win.
No matter where I go or start.
I'll carry hope inside my heart.

♥ A Mother's Love ♥

A mother is the most loving and caring person in the world. She is the heart of every family and works tirelessly to keep her children happy, healthy, and safe. She teaches us to speak kindly, behave well, and grow into good human beings.

A mother's love is pure, unconditional, and selfless. She cares for us when we are sick, comforts us when we are sad, and encourages us to chase our dreams. Her kindness, patience, and countless sacrifices make her truly special.

Mothers play an important role in shaping our lives. They teach us good manners, honesty, kindness, and respect. No one can love and understand us the way a mother does.

A mother is truly a blessing from God. She is our first teacher, our best friend, and our greatest strength. We should always love, respect, and care for our mothers and be grateful for everything they do for us.
